RAINBOW BROADBAND ANNOUNCES AVAILABILITY OF HIGH SPEED INTERNET FOR HUDSON YARDS COMMERCIAL TENANTS

Businesses in Newly Built Tower Can Now Benefit from Gigabit-Speed and Managed Services from Made-for-NYC Network

NEW YORK – October 25, 2016: Rainbow Broadband, a premium point-to-point Internet provider, has announced the availability of its high-speed Internet service to Hudson Yards. Commercial tenants in the newly built 10 Hudson Yards tower have immediate access to Rainbow Broadband's gigabit-speed Internet and managed network services.

Developed by Related Companies, Hudson Yards is the largest private real estate development in United States history, with 10 Hudson Yards bringing 1.7 million square feet of commercial real estate to Manhattan. Rainbow Broadband customers onsite include Vayner Media and Control Group.

Rainbow Broadband has been in business for over a decade and stands as one of New York City's largest and most experienced high-speed Internet providers. With its microwave broadband architecture it can to establish a fast, reliable dedicated bandwidth Internet connection – up to 10 Gbps symmetrical -- in days or weeks, instead of months.

"Choice in high-speed Internet providers is a benefit the commercial tenants expect at 10 Hudson Yards," says Russ Hamm, President of Rainbow Broadband. "Hudson Yards is a remarkable addition to New York City. We are already providing tenants at 10 Hudson Yards with high-speed Internet and managed services, and look forward to powering many more businesses there."

About Rainbow Broadband Inc.:

Rainbow Broadband is a fixed wireless carrier class network, supplying superior point-to-point Internet, innovative technology and business solutions to New York City businesses requiring competitively-priced high-speed broadband. Rainbow Broadband has developed a fast and reliable broadband network using a hybrid fiber microwave system, which delivers symmetrical bandwidth via Ethernet at speeds up to 10 Gbps. Rainbow Broadband is a full-service organization offering a diverse range of broadband and IT solutions for New York City metropolitan area businesses.
